

Town of Aurora
2026 Road Inspection Notes

Road inspection 4-12-26

Inspection started at 8:03 am

Attendees: CJ Young, Jeff Toll, Andy Przybyl, Ann Mosling

Notes:

- Cottonville Ct – potholes
- Chicago Rd – needs crack fill; replace culvert 30” with end cap; move the culvert 2ft to straighten it from the curve of the roadway
- Chicago Ave – grading needed; CJ will contact Poy Sippi as we usually split ½ the cost
- Cottonville – no gravel put down on side shoulder; needs 2ft shoulder whole length of road
- Chicago Ave – will need to top seal in the future
- Cumberland Ave (close to Cty XX) – needs tree trimming: maples hanging over lines and blocking the stop sign
- 34th Rd – grind & gravel section thru the winter? Needs ditching work. May need tree trimming if the road is going to be widened.
- Cypress Dr – large dead tree is not in the road right-of-way. Potholes.
- 36th Ct – blacktop 2” overlay in future
- 35th Ave – road is very bad: grind & level? Grind & gravel over winter? Will grind if bringing equipment for cutoff road (34th) to reduce transportation costs
- 34th Dr – end of road torn up: gravel and smooth out (?)
- 34th Ave – culvert needed? Bad in winter
- Weir Dr – curve is torn up
- Sunset Lane – culvert; bad road-we will need to come back to view when it’s not wet
- Czech – lower ditch to handle water
- Curb work needed at town hall
- Need to pickup tires
